

Annex to the methodological report  
a summary of the implementation of  
the survey field work in particular years

## EMPLOYERS SURVEY

		2017	2018
Basic information	Fieldwork time frame	21.08.2017-1.12.2017 [quality control 27.02.2018-06.04.2018)	03.09.2018-03.12.2018
	Sampling frame	Polish Data Base Bisnode	Sample completed in 2017 + reserve from Polish Data Base Bisnode
	Sampling design	random stratified non-proportional	simple random
	Data collection mode	3 481 CAPI (96%) + 163 CATI (4%)	CAPI
	Number of complete interviews	3 644	1 035 (1008 panel + 27 reserve)
	Average interview duration	40 minutes	31 minutes
	Net response rate	34%	57.4%
Sampling	Sampling frame last updated	06.2017	12.2017 (08.2018 reserve)
	Sample stratification criteria	enterprise size, PKD (Polish Classification of Business Activities)	enterprise size, PKD (Polish Classification of Business Activities)
	Total initial sample size (including the main sample)	11 667 (9 723)	1 800 (1 755)
	Number of clusters	--	
	Cluster size	--	
Fieldwork	Number of sample contacts used	11 619	1 800
	Erroneous contacts <sup>1</sup>	900	3
	Interviews not conducted due to refusals and other reasons	7 075	762

<sup>1</sup> For details, see Methodology of Human Capital Study 2016 – 2023 [<http://bkl.parp.gov.pl>].

## POPULATION SURVEY

		2017	2018
Basic information	Fieldwork time frame	21.08.2017-07.11.2017	07.09.2018-29.10.2018
	Sampling frame	PESEL	PESEL
	Sampling design	random stratified proportional	random stratified proportional
	Data collection mode	CAPI	CAPI
	Number of complete interviews	4 056	1 511
	Average interview duration	37 minutes	23 minutes
	Net response rate	52%	78,6% (68,6%)*
Sampling	Sampling frame last updated	07.2017	07.2017 updated 2017
	Sample stratification criteria	subregion, town size, sex, age	macro-region, town size, sex, age
	Total initial sample size (including the main sample)	11 609 (7 144)	2 204 (1 500)
	Number of clusters	893	776
	Cluster size	13	4.52 (between 1 and 9)
Fieldwork	Number of sample contacts used	11 319	2 204
	Erroneous contacts <sup>2</sup>	3 552	282
	Interviews not conducted due to refusals and other reasons	3 711	408

\* depending on the definition (response rate in the parentheses was a matter of settlement with the survey agency).

<sup>2</sup> For details, see Methodology of Human Capital Study 2016 – 2023 [<http://bkl.parp.gov.pl>].

## SURVEYS OF INSTITUTIONS AND COMPANIES PROVIDING DEVELOPMENT SERVICES

		2017
Basic information	Fieldwork time frame	24.08.2017-07.12.2017 [quality control 26.02.1028-18.04.2018]
	Sampling frame	own data
	Sampling design	random stratified non-proportional
	Data collection mode	859 CAPI (86%) + 145 CATI (14%)
	Number of complete interviews	1 004
	Average interview duration	43 minutes
	Net response rate	32%
Sampling	Sampling frame last updated	08.2017
	Sample stratification criteria	type of institution
	Total initial sample size (including the main sample)	3 388 (3 226)
	Number of clusters	--
	Cluster size	--
Fieldwork	Number of sample contacts used	3 363
	Erroneous contacts <sup>3</sup>	252
		2 107

<sup>3</sup> For details, see Methodology of Human Capital Study 2016 – 2023 [<http://bkl.parp.gov.pl>].
